

**Bring your business more
attention and engagement!**

Turn your brand mascot into a beloved character!

[**appealing**]

Getting consumer attention and interest.

Why not have a 3D mascot of your brand character in front of store to bring more business? A 3D model mascot is highly effective for catching eye-ball and appealing. Impactful way to turn people into engaged customers.

[What is for?]

Iconic landmarks drive impactful awareness.

- 3D mascots create fans, trendy and iconic destinations to drive visit.
- Exclusive characters help boost recognition and popularity.
- Transform your brand into engageable that people will want to visit.

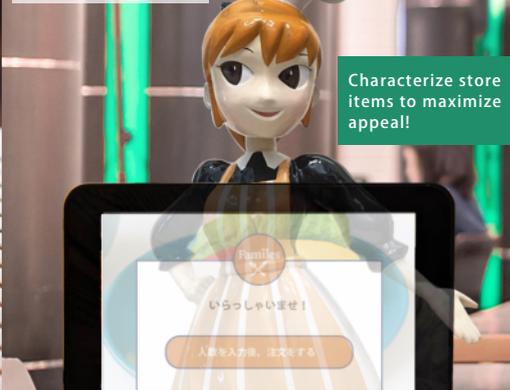

Fandom engagement is very importance to brand experience. Consumer nowadays are drawn to experiences that feel real and authentic — something they can engage with and share. Create stories or scenarios where your mascot landmark can interact with visitors, it can drive more customer attention and sales growth.

Character-themed reservation signs

Ordering tablets cradles

Characterize store items to maximize appeal!

[sign&item]

Insta-worthy display and boost traffic

Enhance the consumer experience through playful character displays!

Use your 3D mascot design for store items like table signs and directional markers to enhance the customer experience. This instantly transforms everyday tools and spaces into photo-worthy scenes, building stronger customer connection with more compelling storytelling with your interior design.
